Maybe even better than free.

No account or credit card is required to get started. We have no file size limit. Your wallet will be none-the-lighter! Just so we're all 100% clear here: Whenyou share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Our service iscompletely free for everyone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.Using file, you can circumvent those limits without paying to upgrade your team chat service. filehosting provides an easy possibility for you to send large filesto your friends. Unfortunately, we can't make that part free. You don't need any special software installed to be able to download your files. You decide whoyou want to share your files with. So try our free and simple filehosting service now. Simply upload your file and share the link. You can give this downloadlink to your friends by mail or instant messenger. Just upload the file you want to share with your friends and we send you a download link to your file. It is alsoallowed to link to the download page from websites and communities. The cost of that data transfer is covered by your internet service or the data plan on yourphone. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that canbe transferred within their apps. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Any file in any format can beuploaded and downloaded for free. There are no restrictions on the number of times a file can be downloaded. Keep your files private, or send your downloadlinks only to friends or family. Files can be downloaded from any computer from our high speed servers. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You canupload any type of file (movies, music, documents, images, zip files and more). If only we could, we surely would! On the other hand, using file can actuallysave you money. File is free to use with no gotchas and no hidden fees.
