[Updated : Friday 11 June 2021](#)

Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. filehosting provides an easy possibility for you to send large files to your friends. File is free to use with no gotchas and no hidden fees. Any file in any format can be uploaded and downloaded for free. Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload yourfile and share the link. You can upload any type of file (movies, music, documents, images, zip files and more). You decide who you want to share your fileswith. Files can be downloaded from any computer from our high speed servers. Just upload the file you want to share with your friends and we send you adownload link to your file. You don't need any special software installed to be able to download your files. We have no file size limit. Keep your files private,or send your download links only to friends or family. No account or credit card is required to get started. There are no restrictions on the number of times a filecan be downloaded. Unfortunately, we can't make that part free. The cost of that data transfer is covered by your internet service or the data plan on yourphone. It is also allowed to link to the download page from websites and communities. Alternatively you can choose to share your download links on blogs,forums and social networking sites. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Our service is completely free foreveryone. So try our free and simple filehosting service now. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file,data is being transferred between your computer or phone and our servers, then from our servers to your friends device. If only we could, we surely would! Onthe other hand, using file can actually save you money. You can give this download link to your friends by mail or instant messenger. When you use file, youavoid storing the file you're sending in your cloud storage or mail server.
